SUBJECT INDEX TO VOLUME 76

Academic health systems
  role of in promoting population health, Martin Cherkasky Symposium, 207
Adherence
  to tuberculosis prophylaxis program by injection drug users, 461

Book review
  Geriatric Home Health Care: The Collaboration of Physicians, Nurses, and Social Workers, 145
  Treatment of Depression in Managed Care, 147

Canada
  health services utilization by drug users, 409
Capital punishment
  physician participation in, 400
Cardiovascular mortality
  among migrant Chinese, 51
Children's health
  cognitive and emotional problems of homeless mothers and children, 39
  government-sponsored child health insurance, families that applied for, 335
  health care utilization by children on Medicaid, 322
  health insurance, barriers to, 335
  infant sleep position and sudden infant death syndrome, 314
  insurance programs, strategies to increase enrollment, 247
  low birth weight, mediators of, 102
  uninsured children, issues of, 335
Contagious diseases
  destruction of quarantine station on Staten Island (classic paper), 380
  diarrheal disease in New York City, 388
  HIV, *see* HIV/AIDS
  tuberculosis, foreign-born versus US-born cases, 143
  tuberculosis, prophylaxis for high-risk drug users, incentives for adherence, 461

Darwin, Charles
  history of (classic paper), 533
Depression
  in homeless, 39
Detoxification
  entry into, effects of needle-exchange attendance and health care utilization, 448
Digitalis
  history of the early use of (classic paper), 533
Directly observed preventive therapy
  pilot study to promote tuberculosis prophylaxis, 461
Drug abuse
  HIV risk behaviors among drug users, 237
  HIV risk intervention program for drug abusers, 419
  infant birth weight, relation to substance use, 102
  injection drug users, evaluating response to antiretroviral therapy among, 468
  injection drug users, tuberculosis prophylaxis in high-risk community of, 461
  injection drug users, use of emergency departments and hospitals by, 409
  marijuana use among minority youths, 85
  methadone treatment clinics, safer sex for women in, 62
  needle-exchange program attendance, effects on detoxification entry, 448

Elderly health
  future health care needs, 24
Emergency departments

ambulance notes from Bellevue Hospital, 1938, 509
HIV risk behaviors of patients in, 237
social determinants of use of, 409

Foundations
Robert Wood Johnson Health Policy Fellowship, 10

Gender differences
in HIV risk behaviors, 237
Genetics
entry of into medicine, 497

HAART (highly active antiretroviral therapy)
response of injection drug users to, 468
Health care system
decisions about access to, Martin Cherkasky Symposium, 176
public role in negotiating for the future, Martin Cherkasky Symposium, 211
social medicine, future of, Martin Cherkasky Symposium, 229
Israel's health care system, a US perspective, 371
Health care utilization
by children on Medicaid, 322
effects on detoxification entry, 448
social determinants of, 409
Health insurance
government sponsored, barriers to, 335
Health plans
accountability of, Martin Cherkasky Symposium, 176
Hepatitis C
seropositivity of injection drug users, 468
History of medicine
ambulance notes from Bellevue Hospital, 1938, 509
Cherkasky, Martin, history of, Martin Cherkasky Symposium, 159
Cherkasky, Martin, role in, Martin Cherkasky Symposium, 229
Darwin and the use of digitalis (classic paper), 533
entry of genetics into medicine, 497
federal role in health care, Martin Cherkasky Symposium, 192
Rogers, David E., place in, 10
tobacco, history of use, 289
HIV/AIDS
antiretroviral therapy for among injection drug users, 468
HIV risk behavior, gender differences in, 237
homeless with, caring for, 375
intervention program for drug abusers with HIV risk, 419
needle-exchange program for, effects on entry into detoxification, 448
women at risk for, safer sex strategies for, 62
women with or at risk for, legal needs of, 435
Hospitals
Bellevue Hospital, history of, 509
consolidation of municipal hospitals (classic paper), 384
in Israel, 371
markets for, 351
safety-net hospitals, 351
social determinants of use of, 409

Immigrant health
cardiovascular mortality of migrant Chinese, 51
tuberculosis in immigrant communities, 143
International medical graduates
distribution of in US, 481

Lead poisoning
decrease in children, New York City, 542
Legal needs
of women with or at risk for HIV, 435

Martin Cherkasky Symposium
future of social medicine, 229
health care, federal role in, 192
health care decisions, access to, 176
health system for the 21st century, challenges for the public, 211
introduction to, 157
remembering Martin Cherkasky, 159
role of academic health systems in promoting population health, 207
social medicine, role of, 164
Medicaid
doctor switching by children on, 322
Medical education
ambulance notes from Bellevue Hospital intern, 509
curriculum, role of in influencing specialty choice, 117
medical graduates, distribution in US cities, 481
Rogers, David E., contributions to, 10

Medical ethics
physicians' participation in capital punishment, 400
Minority health
hospital use, 351
infant birth weight, ethnic-associated differences in, 102
lead poisoning among children in New York City, 542
marijuana use among youths, 85
Montefiore Community Children's Project
controlled study, 39
Myxœdema
acquired and congenital (classic paper), 127

New York Academy of Medicine
report on children's health insurance program, 247
role in medical policy, Martin Cherkasky Symposium, 229
New York City
cardiovascular health among migrant Chinese, 51
